Chapter 8: *Repatriation*

Be it a god of the underworld or be it a beast, is Kamille's completely changed form a punishment for violating a taboo?!

I'M FINE
BUT WHAT IS THAT THING?
Ooh! SECOND LIEUTENANT SIMON, ARE YOU'RE UNHURT?
YES
WHAT ABOUT YOU CAPTAIN, ANY INJURIES?
SEEMS TO BE A DIFFERENT SYSTEM OF METHODICAL EQUATION THAN THE AERIA WE PERFORM
I'M AFRAID IT'S SOME KIND OF ILLUSION THAT MATERIALISED

That's a possibility
And therefore we currently don't have a method to defend us against that attack
If it's not part of Aerialogy, is it perhaps some more primitive form of sorcery?
If it's not an Aeria, then just what...
It's just a rumour, but I think this could be something called "spirit bullet"
But what exactly is that attack? An Aeri with the power to kill and wound?
PEW
It's something our country's Aeria haven't been able to accomplish so far
Yes, I'll profose a temporary retreat for now
Of course you can't read about methodical equations anywhere but at the secret archive of the papal seat, but it seems to be an Aeria where you attack directly with Aeri
SLASH

Seems the Aerith studying at the church call the one currently used the "forbidden move" Probably...

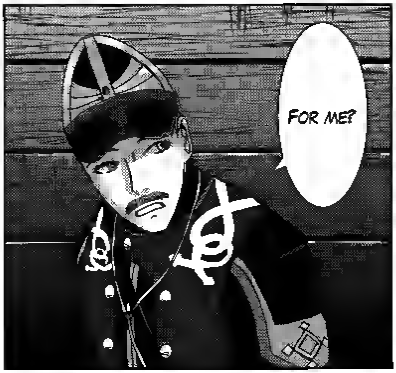
THE INSPECTOR IS GONNA COME RUNNING RIGHT AWAY
I HOPE THAT THE FIRST LIEUTENANT MANAGED TO PULL OUT SUCCESSFULLY, SO LET'S HURRY
YES
I EXPECTED THEM TO NOTICE IF YOU'D USE AERIA TO THIS EXTENT
BATTALION COMMANDER!
DAISEY

I came to the conclusion that trying to stop the enemy with just me and a few fellow soldiers would be difficult
And since the lines were cut, I launched the counter attack in cooperation with the Armed Service on my own judgement
Who gave the Armed Service permission to partake in combat?
Also, you bastards! Didn't you realize that firing without permission of the regimental commander is an issue!
The Armed Service is under supervision of her highness the Imperial Princess, so a mere second lieutenant taking command of them is a question of liability!

SECOND LIEUTENANT BEARING
WHAT?! INTERRUPTING LIKE THIS!



FOR ME?

PLEASE EXCUSE ME THERE'S A TELEGRAM FROM THE REGIMENTAL COMMANDER FOR SECOND LIEUTENANT BEARING

I DOUBT HE'LL MIND

ATTENTION TO THE READER

In a world of compromises, some people put watermarks on their pages

But it doesn't matter, because our translations are the fastest ones out there. Look at how cool our translator is... if you send us money you will be that cool of an operator too. And chicks will dig you

At /ak/, we stuck some translated text on a manga page, just like a bunch of other scanlating groups have done. However ours is better, because we refuse to post it to any other sites than http://ak-scans.wikia.com and [redacted]/a. Because

Our wiki is the greatest wiki ever made. It may be unorganized and have limited content, but that's your fault. If you were a real operator you would love it. once again look at our translator, that sig sure is cool isn't it?

Yeah, you know you want to send money to us

And by the way, check out our new website. We decided that humans don't need to quickly read manga by webpages. If you were a really manly teutonic operator, you wouldn't be bother by downloads. plus we've tested the server to be able to take 100,000,000 requests at one time, and that was when the server was buried in a lake of molten lava, on the moon. If you don't believe us, it is because you aren't a real operator

By the way, our cheap, mass-scanned manga are the best thing ever, and totally worth giving us lots of money, but not that cheap, mass-scanned, manga from other people, thats garbage. not that it matters because you're not in our threads, so you will have to wait for your translations. Because you suck, and we hate you, but we know you'll be back. We can beat you down like a trailer park wife, but you'll come back, you always do

Give us money.

Sincerely,

/ak/ Marketing Department
